**Re: *New* Ingersoll Rand Assembly Tools Catalog**

We are pleased to announce that our ***NEW*** Assembly Tools Catalog will be in stock and ready for orders **JULY 21, 2008!**

The new catalog is a combination of the older Ingersoll Rand Assembly Solutions and ARO Industrial Tools catalogs. It is updated with all of the new assembly products released since the publishing of the previous catalog.

The **NEW** Assembly Tools catalog contains all currently offered Production Fastening Products including:

- |                          |                                 |
|--------------------------|---------------------------------|
| - QA4/6/8 Air Nutrunners | - QTA Series Torque Arms        |
| - QE4/6/8 DC Tools       | - Q Series Pulse Tools          |
| - Air Tool Qualifiers    | - 1 Series Screwdrivers/Drills  |
| - P33 Modular Drills     | - 20 Series Screwdrivers/Drills |
| - QMM Quick Multiples    | - 50 Series Screwdrivers/Drills |

The **NEW** catalog has an easy to follow format that includes:

- Torque charts that quickly direct users to the correct sections
- Organization by tool type, style, shutoff and actuation to simplify tool selection
- Product pages that show features, accessories, manuals and kits
- Universal symbols head spec tables

Formal communication letters outlining details of the catalog and ordering information will be mailed along with several copies of the new catalog to your Headquarters locations the week of July 21<sup>st</sup>.

Best regards,

A handwritten signature in black ink that reads 'Ken Boyce'.
