

Compact Case Tool Sets

All tools are professional quality, made of high grade chrome vanadium steel. Sockets feature SUPERTORQUE® lobular openings for greater turning power without deforming the fastener. Packed in rugged compact high-density polyethylene cases that are strong and durable yet light in weight.

It's all about trust. Tools you can count on, day in and day out, to work as hard and smart as you do, until the job is done. These tools have earned that trust with a long tradition of job-site productivity, quality, workmanship, superior performance and constant innovation.

All other tools are simply ordinary.
