

**MICHIGAN
PNEUMATIC TOOL**

MADE IN THE USA

MP-6060

3/4" Square Drive Through-Hole Anvil

Features a powerful two-jaw clutch and steel clutch housing design offers power and dependability.

Model MP-6060-FR with a 3/4" friction ring anvil, Model MP-6060-1 with a 1" anvil and MP-6060-#4 spline anvil also available. Parts are interchangeable with CP-6060 series impact wrenches.

MP-750SS

3/4" Square Drive Dual Retainer Anvil

Features one of the industry's highest power-to-weight ratios. Featuring a stainless steel hammer case and a twin hammer design for increased durability. Constructed with non-corrosive materials for prolonged field life. **Model MP-751SS with a 1" anvil and Model MP-754SS with #4 spline anvil also available. Parts are interchangeable with IR-2925 series impact wrenches.**

MP-1011E0TH

1" Square Drive Through-Hole Anvil

Features a high energy per blow two jaw clutch, rugged steel clutch housing machined from bar stock, bronze alloy end plates for long motor life, a three piece housing for ease of maintenance, high power-to-weight ratio. **Parts are interchangeable with CP-611 series impact wrenches.**

MP-1034EITH

1" Square Drive
Through-Hole Anvil

Features a twin hammer clutch for more power per pound, a pressure fed clutch lubrication system, two piece motor housing for easy maintenance, an integrated muffler for low noise and direct drive for fast run down. **Parts are interchangeable with IR-2934 series impact wrenches.**

MP-1040EITH

1" Square Drive
Through-Hole Anvil

Features a twin hammer clutch for more power per pound, a pressure fed clutch lubrication system, two piece motor housing for easy maintenance, an integrated muffler for low noise and direct drive for fast run down. **Parts are interchangeable with IR-2940 series impact wrenches.**

MP-1550EITH

1-1/2" Square Drive
Through-Hole Anvil

Features a twin hammer clutch for more power per pound, a pressure fed clutch lubrication system, two piece motor housing for easy maintenance, an integrated muffler for low noise and direct drive for fast run down. **Parts are interchangeable with IR- 2950 series impact wrenches.**

MP-1520EITH

1-1/2" Square Drive
Through-Hole Anvil

Features a high energy per blow two jaw clutch, rugged steel clutch housing machined from bar stock, bronze alloy end plates for long motor life, a three piece housing for ease of maintenance, high power-to-weight ratio. **Parts are interchangeable with CP-6120 series impact wrenches.**
