

INSTRUCTION SHEET

FOR

PART NO. 64125

FOR USE ON 600 SERIES SANDERS

When using 64126 as the upper end plate, remove the 3/32" roll pin from the end of the cylinder.

When using 64212 as the upper end plate, use the 3/32" pin to locate the upper end plate in the motor assembly.

Upper end plate 64212 is used on models with Serial No. "B" and can be used on all models when using a new 64125 cylinder with the 3/32" roll pin in the end of the cylinder to locate the end plate.
